SAYS SANGREE SOLD BAD MINING STOCK

VICTIMS NUMEROUS FALKENBERG DECLARES

Walker Lake Goldfield Consolidated Mining Co. Said Not to be Incorporated

CERTIFICATE COST W. A. KNAPP $1000

Evidence Placed in Hands of Federal Authorities in Many States for Action

A sensational mining stock story which has been on the hooks for some time, involving Dr. C. T. Sangree, president of the Walker Lake and Goldfield Consolidated Mining Company, and challenging the validity of the stock of that concern, by which many thousands of dollars of innocent investors' money in jeopardized, is given to the public for the first time, through Colonel R. A. Falkenberg, who makes many damaging charges against Sangree.

The property involved in the tangle of affairs now in the hands of federal authorities, in several States, consists of nine mining claims in the Walker Lake district, sold by Colonel Falkenberg last December to Dr. Sangree, under the agreement that a company was to be incorporated and stock issued for the development of the property, a part of which stock was to be a consideration in the transaction.

Company Never Incorporated

In speaking of the matter yesterday Colonel Falkenberg said:

"I not only never received the stock, which was to have been a part of the consideration for the property, but I have proof positive that the company has never been incorporated, although about $10,000 worth of the stock has been sold to various people, mostly in the east, and the money collected.

"This company was supposed to have been incorporated under the laws of Arizona, but over the signature of secretary of state, I have the assurance that no such company has ever been incorporated under the laws of Arizona. I have also the word of the secretary of state for Nevada that the articles of incorporation have never been filed in his office for that company."

Other Evidence

The county clerk of Esmeralda county, in which county is situated the principal place of business for the company, also writes that nothing regarding th ecompany has ever been filed with him, and the same report comes from the county clerk's office here.

"Walter H. Knapp of New York writes that he paid $1000 for certificate No. 1, calling for 1500 shares of the stock, to Dr. Sangree, and that the certificate appears regular on its face. I have numerous other communications of the same character from various parts of the country, all telling the same story.

"The certificates naturally seem alright on their face, but inasmuch as the company has never been incorporated, they are, so far as I can discover, worthless.

A Queer Proposition

"Recently Dr. Sangree, accompan-

STANDARD OIL OWNS BROAD ACREAGE HERE

SECTION 30 IN ZONE HAS BEEN BOUGHT

John D.'s Agents Have Been Quietly Watching Developments from the First

S. D. NESMITH WHO HAS FINAL WORD SAYS YES

President McCleod Expects to Make Strike With Only a Little More Depth

That the oil prospects of Reno are not being neglected by the oil power of the world, is evidenced by the fact that the Standard Oil Company is represented here, and has been for many weeks by men who are among the most able of its advisors, and that these men have quietly acquired possession of section 30, directly in the zone, and covering the channel, of oil as revealed by indications, are cold facts for the digestion of skeptic and enthusiast alike.

Two hundred and forty acres of this ground was acquired from the state, and the balance from the government. It stands in the name of S. D. Nesmith, whose connection with the Standard Oil Company is well known.

The System

Before the advent of this gentleman, there were two or three others, each of whom made his own recommedation, which, under the usual system in use by the company in such matters, was a check on the reports of his predecessors. Mr. Nesmith is the man to whom is intrusted the final decision pending the starting of development work, and the fact that his decision has been favorble to the belief that there is oil where the Nevada Oil and Development Company is drilling its well, is proven by his acquirement of section 30.

The whole investigation of the oil possibilities here, so far as the Standard Oil is concerned, has been done very quietly, and till the present time no word of it has leaked out. Mr. Nesmith spends the most of his time at the well of the Nevada Oil and Development Company, watching and testing the indications, and many chemical anylasis have been made by him, and now the result of it all is, that his views regarding the presence of the precious fluid, coinside with those of Expert Frank who located the well site.

Argues With Frank

He is of the belief that had the well been drilled at the base instead of the apex of the hill whereon stands the derrick, the strike would have been made 200 feet nearer the surface, but that is all. He feels morally certain that if the drilling is continued, a flow of oil will result.

Frank felt this way when he located the well-site, and the derrick was installed on the hill top because there would be less water encountered there than elsewhere, and because when the oil was struck and brought to the surface, either by its own flow or by pumping, it would be an easy matter to pipe it

HALF HUNDRED DELEGATES WITH NO ROOMS

CONGREGATIONALISTS COME TOMORROW

Out of 150, Quarters for Only 109 Have Been Obtained

ACCOMMODATIONS WILL HAVE TO BE PROVIDED

Some of the Prominent Divines Who Will Be Guests of Reno

Tomorrow the delegates to the general association of the Congregational churches of California and Nevada will begin to arrive and what is worrying Rev. Charles L. Mears just now is where they are all to be placed.

Reno is a long way off from some of the churches and Mr. Mears admits that he did not expect an unusually large attendance. He has been surprised, however, for there is going to be as large an association meeting as has been held anywhere, with the most representative people present.

When he was asked how many delegates he expected to arrive, Mr. Mears said yesterday:

Number Coming

"I have received notice from 132 clergymen or lay delegates that they will come. That means that there will be at least 150, for some never write in advance. Now what troubles me is that we must have accommodarooms for only 109. I wish the people rooms fo ronly 109. I wish the people of Reno would help me out of my dilemma."

Mr. Mears said the rooms would be required for three nights.

Reduced rates will be given on the railroad excursion to Lake Tahoe during the week.

"And if it should rain?" Mr. Mears was asked

"Well," he said, "I think rain just now would clear the atmosphere and it would be a good thing. The rain won't hurt."

Full Attendance

Correspondence from various Congregational churches in northern California to the Congregational committee in Reno indicates that there will be a very near full attendance at the convention of next week. Many of the attendants were former pastors or residents of Reno and other Nevada towns. Hence a vital local interest in the personnel of the coming visitors.

Notable among all the coming visitors is Rev. Joseph Rowell, the patriarchal leader in the Seamens Bethel at San Francisco. He has attended every convention of the Calofarnia Congregationali.'s for the past full half century. He will be the only pastor able to celebrate the golden anniversary of the organization dating back 50 years at Sacramento.

Prominent Divines

Among the other notables to be present at the convention are: Rev. Charles R. Brown of Oakland; Dr. Charles C. Adams of the First Church of San Francisco; Dr. John K McLean, president of the Pacific Theological Seminary at Berkeley; Dr. Baldwin of Palo Alto; F. M. Price, formerly of Guam; Dr. T. O. Douglass of Iowa:

ATTORNEY-GENERAL BONAPARTE PLANS FURTHER CAMPAIGN AGAINST TRUSTS AND WANTS SHERMAN LAW AMENDED

ADMINISTRATION IS AFTER THE TRUSTS

THE administration is still determined to "bust the trusts' and Attorney-General Bonaparte is hard at word getting together the data on which to base his suits. It is plainly the purpose of Mr. Roosevelt to make the campaign next year with the Trusts as the principal feature and if Mr. Taft shall be nominated he will dictate the platform of the Republican party. This will set the pace for the Democratic party and will force that party into an anti-trust campaign, too. This means that the tariff question, except as indirectly alleged to be the cause of the existence of the Trusts, will be relegated to the background.

Lumber, Harvester, Coal And Paper Combines May Soon Feel Blow Of Mailed Fist

Department of Justice Is to Be Thoroughly Shaken up and Overhauled by Its Head

WASHINGTON, D. C., Sept. 28.—Attorney General Bonaparte has great plans in mind for further trust prosecutions and for recommendations to congress in the way of improvement of the Sherman anti-trust law and the legal department of the government generally.

As soon as Assistant Attorney General Purdy, principal trust buster, returns from Europe, Mr. Bonaparte will consult him in relation to the prosecution of the lumber trust, International Harvester Company, and the soft coal trust, and the advisability of instituting a new suit against the so-called paper trust. Various facts showing violation of the law by the combination named have been laid before the department of justice.

Lumber and Harvesss

In the case of the lumber and international Harvester companies it is the intention to appoint special counsel to conduct the campaign on behalf of the government.

With respect to the paper trust, the department had believed this combination had been effectually put out of business as a result of the legal proceedings instituted last year by Frank B. Kellogg, who is now special counsel in the Standard Oil case. The price of paper fell for a time, but evidently the combination was reformed, for the price has advanced. Agents of the department of justice are making inquiries in regard to the paper situation, and should the combination be violating the law then new prosecution will begun.

To Perfect the Law

Mr. Bonaparte, did not indicate today that recommendations he would make to perfect the Sherman anti-trust law, but it is understood that he feels, as does the president, that the government cannot be in an attitude of suppressing combinations and at the same time of regulating them." Certain forms of competition are impossible under modern conditions, and the country must recognize the fact.

Mr. Bonaparte has been studying the Sherman anti-trust law with a view to its improvement for some years, and he believes he has a solution which will receive the approval of the President.

Reorganizing Department

His projected reorganization of the personnel of his department will insure, he believes, a better system in connection with the government's crusade against violators of the law.

From all parts of the country Mr. Bonaparte has been receiving letters criticising the address he recently made in Chicago in which he advocated imposition of the death penalty upon habitual offenders. In order to meet these criticisms, the attorney general is having his address printed and will distribute copies. He said today that in order to consider intelligently what he said, all his remarks should be read.

RUIN WROUGHT BY FLOOD IN SOUTH FRANCE AND SPAIN

GRAPE HARVEST IN LOWLANDS ALL LOST

Church Undermined and Falls at Benamargosa; Bodies Float to Sea

PARIS, Sept. 28.—The flood situation in the south of France was a little better today.

Reports from the departments of the Rhone, Gard and Vaer say that rivers everywhere have been overflowing their banks, causing much damage and distress among the people, many of which have sought refuge in the upper parts of their houses and have been without food for days. The authorities are hurrying rations and supplies to the flood-sufferers.

A correspondent of the Temps telegraphs that the country in the vicinity of the Herault river is completely submerged. Only here and there are little islands and tops of houses visible and upon this vast lake rowboats are engaged in the ceaseless work of rescue. The grape harvest in the low lands is a total loss.

Floods in Spain

MADRID, Sept. 28.—The church of Benamargosa, which was undermined by the flood, fell last night. There is no loss of life.

At Malaga many dead bodies have been washed down the river, and out to sea. The weather in the south of Spain is clearing.

FIFTEEN MEN DIE BECAUSE SWITCH HAD NOT BEEN THROWN

ENGINEER IS BURNED BY STEAM TO CRISP

Freight and Passenger Trains Collide on Main Line on Curve

WHEELING, W. Va., Sept. 28.—Fifteen men were killed and a score injured, several fatally, at Bellaire, O., this afternoon, when the Chicago & Wheeling Express on the B. & O. railroad crashed into a freight train which was moving slowly on a siding.

Switch Not Thrown

The wreck was due to the failure of an operator to throw a switch. The west-bound freight had received orders to meet the passenger at the western limits of the Bellaire yard and was moving slowly along the siding. Where the wreck occurred there is a sharp curve which prevented the engineer of the eastbound train from seeing more than a few feet ahead. The passenger trains coming around the curve rapidly, being three hours late, should have gone on a siding off the main line. The switch to the siding had not been turned and the train shot into the freight.

The worst damage was done to the smoker which was telescoped by the baggage car Every occupant of the smoker was injured or killed.

The passengers in the day coach and the two Pullman sleepers were tumbled from their seats but not seriously hurt.

Burned to a Crisp

Engineer Galbraith was burned to a crisp by escaping steam.

General Manager Fitzgerald, who was in the neighborhood on an inspection tour, and General Superintendent W. C. Loree of Wheeling, superintended the rescue.

Among the passengers were the members of Richard Carle's "Spring Chicken" Comic Opera Company, which was to have played at Wheeling this evening. All the members of the company escaped injuries except Alfred Dalby, the musical director. It was found necessary to amputate his right arm.

At the office of Superintendent Loree tonight it was said that they were not yet certain who was to blame for the accident, but a thorough investigation is under way.

Heroic Engineer

Engineer H. A. Lipscomb, on the passenger train underwent probably the most heroic surgical operation in modern times. Caught beneath his engine, it was found impossible to remove the broken iron from his body on account of the way in which one of his legs was entangled. Escaping steam crossed his face and made it impossible to adminster anesthetics and the physicians amputated the leg as he lay there conscious. He bore the ordeal bravely but will die.

Thanksgiving services were held tonigh by every member of "Spring Chicken" company from Richard Carl himself down to the humblest chorus girl. The company of 75 escaped with but one seriously injured.

MAVERICK OUTLAWS TO BE HUNTED DOWN

Rural Guards in Cuba Sent to Apprehend Bandits

HAVANA, Sept. 28.—A band of bandits attracted the attention of the authorities of Santiago province recently and today a detachment of rural guards was sent to apprehend them. Shots were exchanged and the bandits disappeared. The government does not believe that the appearance of the bandits in Santiago province was part of the movement planned by the conspirators recently arrested here. They are believed to be outlaws, representing several foreign nations who have been employed at the Santiago iron mines.

Captain Dougherty, supervisor of the rural guards at Santiago de Cuba, has left that city for the scene of the disturbance.

MINER IS KILLED INSTANTLY BY CAVE IN MINE

FIFTY TONS OF ROCK CRUSH LIFE OUT

Little Florence Accident Cause of Tragedy, Which Nearly Claimed Son Also

GOLDFIELD, Nev., Sept. 28.—James Hogan was killed in a cave-in in the new shaft being sunk on the Little Florence, at noon yesterday. Death was instantaneous, as at least 50 tons of ore were deposited on his body after falling a distance of 50 feet. It took a large rescue party four hous to reach the body.

The body was horribly crushed and mutilated and there was hardly a spot that did not show the effects of the fearful fall and the impact of the rock when the bulkhead was reached. The right arm below the shoulder was broken and the left leg above the knee was fractured and from the contusions it was evident that the deceased must have received fatal internal injuries.

Blame Not Fixed

Just how the accident occurred and who is to blame for it will be brought out at the coroner's inquest at 10 o'clock this morning. The cave-in occurred in the upraise that has been driven from the 250-foot level, where connections had been made with the shaft on Thursday. The victim, with James Ahearn and Thomas Scoville, were employed as timbermen and were going through to see if there were any places that needed attention. Fifty feet above the level an old stope had been run, through and there was an ore chute intended to hold only a limited amount of ore, but in the hurry to get out as much ore as possible the leasing company continued to pile in ore while the shaft was being sunk.

When Crash Came

It is supposed that an additional car of ore had been dumped into the chute, forcing the timbers of the shaft apart. At the time Ahearn was above the chute. Scoville had gone down below to get a timber and was engaged in the drift when the crash came. Both escaped injury, although Ahearn had to stay in the workings for over two hourse before he could get down, owing to the condition of the shaft, which is badly wrecked.

The news of the accident was received in town a few minutes after it happened, and the wildest reports were circulated. People from town in automobiles, in carriages and on horseback, as well as scores on foot, went to the scene of the accident and they demained there until the body was brought to the surface, tied up in a tarpaulin, and turned over to the undertaker.

His Son There Also

The dead man was one of the best-known miners in the camp. He leaves a wife and son, who reside on East Hall street, as well as a married daughter living in Butte, Mont., who has been notified by wire of the tragis death of her father. His son, Earl, who is 20 years of age, went to work in the mine yesterday morning and was talking with his father a few minutes before he met his death. It was several hours after it was known that he was dead that the news was told to the boy.

The deceased came to Goldfield nearly three years ago from Victor, Colo., where he had mined for years. Prior to that time he had mined at Mercur and other Utah camps. He was a member in good standing of the Victor, Colo., aerie of Eagles, as well as of the W. F. M. Union, No. 220 of Goldfield.

Another accident

There was another accident at the Little Florence at 9 o'clock yesterday morning. J. W. Feener, and John Hallson, who were working in a winze, fell a distance of 20 feet. They were working on a platform that gave way, precipitating them to the bottom of the hole. Neither was badly hurt, but both were taken to the Miners' Union Hospital to have their injuries treated.

HOW VOTES WILL BE ALLOTTED

VOTES will be given on paid subscriptions to the Nevada State Journal whether the subscription is new, paid in advance, or in arrears, according to the following schedule.

	New Sub.	Old Sub.	Price Carrier	Mail
1 month's subscription	100	75	.75	.50
3 months' subscription	400	300	2.25	1.50
6 months' subscription	1,000	750	4.50	3.00
1 year's subscription	3,000	2,500	9.00	6.00
2 years' subscription	7,000	6,000	18.00	12.00
5 years' subscription	20,000	20,000	45.00	30.00

Tremendious Interest Displayed by All Contestants In the Race

Attention is called to the fact that vote coupons taken from the papers come to the office in all manner of shapes, forms and sizes, and in several cases with no names written on them. In that case they can not be counted, for any one, however much the contest manager would like to credit them.

Send all coupons in flat packages with a band or piece of twine around them with number of coupons marked plainly on package. In no case roll or fold them, because they will not be counted.

SPECIAL OFFER CONTINUED

By request of a majority of the candidates in The Journal's big $7500 contest it has been decided to extend the double vote offer on subscriptions for another week so that promises of subscriptions that have been made to the contestants can be gathered in.

The giving of double votes on new subscriptions met with the hearty approval of every candidate competing for the rich and elegant prizes offered by The Journal, so during the coming week double vote will be issued on all subscriptions turned into this office OLD or NEW, as quite a number of old subscribers have asked tha the sam camount of votes be given them as to a ne wsubscriber.

THIS IS THE VERY BEST OFFER OF VOTES ON ANY SUBSCRIPTION DURING THE ENTIRE CONTEST AND ABSOLUTELY THE GREATEST AMOUNT OF VOTES THAT WILL BE GIVEN, SO DO NOT EXPECT TO RECEIVE A GREATER NUMBER OF VOTES THAN THOSE OFFERED THIS WEEK.

EXCITEMENT IS RUNNING HIGHER AT THE PRESENT STAGE OF THE CONTEST THAN THE VTES AND THE FINAL OUTCOME OF THE STRUGGLE FOR SUPREMACY IS BEING WATCHED BY THOUSANDS OF PEOPLE WHO ARE INTERESTED IN THE RACE OR THEIR PARTICULAR FAVORITE

From now on until the close of the contest will see one of the prettiest contested tugs of war that has ever taken place on any newspaper west of the Rocky Mountains and one of the noticeable as well as the most commendable features of the whole contest is the lack of ill feeling, and frequently comments ar emade regarding the harmony and good feeling displayed by the candidates throughout the contest.

Numerous changes have occurred during the last few days and it is hard to tell just how a contestant stands and where her name will appear in the list the next day.

Frequently a name has jumped from tenth on the list to first, which is a surprise even in small contests.

The accompanying picture is of Miss Carrie Welsh one of the hustling candidates of Laws, Cal. Miss Welsh is quite popular and a prominent member of the younger set of Laws. She was nominated by several of her friends who have stood by her in her race, not only on account of her popularity but because of her energetic campaign in an effort to carry away the first prize.

From all reports the friends of Miss Welsh intend seeing her win and the bee to capture the honor for California is buzzing among the busy ones.

But another district is to be heard from and another popular lady is in the race to capture the honor for Nevada.

Mrs. George Money of Carson, numbers her friends by the hundreds and if ambition and hustle is required to be the winner her friends claim the honor for her. Mrs. Money has numerous friends in Nevada and California who are rallying to her aid in an amazing manner, so the race is yet to be won. Mrs. Money's picture appears today.

Reno is trying hard to land the Grand Capital Award, the $1700 Rambler touring car, and the winner in the race for first honors in Reno is to be decided by many popular ladies there.

Mrs. I. W. O'Rourke takes first position today with a total of over 180,000 votes, having jumped from ninth position to first. The race in Reno is a matter of much conjecture on account of so many popular and energetic ladies who number their friends by the scores, being in the race, and with those scores of friends each pulling and working for their favorite will make one of the most exciting and hard fought friendly races for first honors ever witnessed in Nevada and California and in fact, the whole west.

The popularity contests in San Francisco awoke no more enthusiasm than the one on The Journal today, and from indications will be one of the hardest fought tugs of war among popular ladies ever seen.

Double Vote Offer Is Continued for One More Week By Request

THE EASTERN MARKETS

NEW YORK, Sept. 28.—Stocks continued to decline today and the volume of selling was augmented. The principal motive avowed for the depression felt by the sellers was fear of the consequence of the coming public addresses by President Roosevelt in the West and South It is supposed that these addresses will largely advocate the extension of measures against corporations.

The selling continued to give evidence of a professional origin for a large part of it but the fall in prices had the usual consequence of dislodging weak accounts and of inducing some liquidation by the sentimental effect on holders and securities. The bank statement was weak and was made the occasion for some of the selling. The decrease in cash was only as much as the lowest of the preliminary estimates and the loan increase was moderate, but the falling off of $2,758,525 in the surplus brings that item down to $5,646,575, which offers a narrow margin of resources with the interior movement of currency in full force.

The clearing house banks report an increase of something over $1,000,000 in government deposits. There was some demand for remittance to London by cable, incident to the end of the month, but demand sterling was lower. The heavy withdrawals of gold from the bank of England for Egypt was the feature of the foreign money markets, but the discount rate on London was effected and that quarter is looked forward to bring retaliation. The crop damage reports were in circulation but the grain and cotton markets moved moderately.

The lack of exportation for selling in the news caused rumors of some possible undisclosed developments. The covering of shorts after the publication of the bank statement was evidence of the professional nature of the selling. The closing tone was feverish and unsettled.

Bonds were easy. Total sales (par value) $962,000. United States 3's have advanced half and the 4's have declined 1-2 per cent on call during the week.

Grain and Provisions

CHICAGO, Sept. 28.—The wheat market today opened firm because of firmer cables but prices soon eased off on the report of increased receipts in the Northwest, December, wheat opened unchanged to 1-8 higher at 100 to 100 1-4, sold up to 100 3-8 and then declined to 99 1-2. Corn was firm at the opening because of small receipts and firm cables. Later the market declined slightly on realizing sales. December corn opened unchanged to 1-8 lower at 59 3-8@1-2 to 59 5-8 and then declined to 58 7-8.

Trading in oats was chiefly in the May option and prices were firm along with wheat and corn and later declined in sympathy with the slump in these grains. December oats opened 1-8@1-4 higher at 52 3-8, sold at 52 1-2 and then declined to 52.

The provision market was firm because of an advance in the price of live hogs. January pork opened 10c higher at 15.42 1-2 and sold at 15.45. Lard was 2 1-2 higher at 8.85 and advanced 8 90. Ribs were 2 1-2 higher at 802 1-2@805.

Clearing House Statement

NEW YORK, Sept. 28.—The statement of clearing house banks for the week shows that the banks hold $5,646,575 more than the legal reserve requirements. The statement follows

Loans $1,100,852,500, increase $2,772,500.

Deposits $1,055,793,700, decrease $1,829,900.

Circulation $50,638,500, decrease $10,900.

Legal tenders $70,637,100, increase $372,600.

Specie $198,807,900, decrease $3,588,500.

Reserve $769,445,000, decrease $3,276,000.

Reserve required $263,798.425, decrease $457,957.

Surplus $5,646,575, decrease $2,750,525.

Ex-U. S. deposits $13,549,935, decrease $2,486,475.

Commercial Paper

NEW YORK, Sept. 28.—Money on call nominal.

Time loans dull with little offerings, 60 days 5 1-2 to 5 3-4 per cent, 90 days 6 per cent, six months 6 per cent.

Prime mercantile paper 7 per cent.

Sterling exchanged irregularly with actual business in bankers bills at 4.85.25@4.85.30 for demand, and 4.81.85@4.81.90 for 60-day bills. Commercial bills 4.81 1 2-and 4.81 5-8.

Specie Imports and Exports

NEW YORK, Sept. 28.—Imports of specie for the port of New York for the week ending today were $53,242; silver, and $76,646 gold. Exports of specie from the port of New York for the week ending today were $1,138,159, silver and $2,000 gold.

TO CONTESTANTS

Some of the contestants in The Journal's contest seem to think that a greater number of votes will be issued during the last five days of the contest than has been given and that a better offer than double votes will be made later on.

It is positively stated through the contest department of The Journal that an offer better than double votes will not be made and less votes will be given during the last days of the contest. If subscriptions are being held back waiting for a better offer, it positively will not be made, and to secure the most votes on subscriptions they must be turned in during the double vote offer. Don't overlook this and thus lose thousands of votes.

WRIGHT IS GONE AFTER MONEY

Leaves Letter Saving He Will Get Cash from Custer and Pay Up

The Rathskeller bar, winehall and restaurant was closed to patrons yesterday. Also, it was closed to creditors. The lessees, William Parks and Walter Wright, are said to be non est come-at-ebus. That is, they are not reachable by legal process. The Rathskeller was not open to business yesterday morning, and following that fact came the levy of attachments. The first of those served was for a bill of $250 due to Frank & Company.

Wright & Parker are reported to owe $8,000. Among the creditors are Chelton, of whom, it is alleged, Wright borrowed $1,000 cash with which to engage in business.

Fred Hoff, the pianist, puts in a claim of $100 for borrowed money.

A letter was received by a certain employe of the Rathskeller yesterday. In it Wright had the following to say:

"I cannot hold up this business any longer, and I am going to Custer, S. D., to get some money to pay my bills. Get all my bills together and I will wire the funds necessary to make everything right."

NONSUIT ARGUMENT IN CLOW CASE IS FINISHED

Massey Couches Plea in Ancient Chancery Terms

Attorney Massey finished his argument of the motion for non-suit in the Clow case yesterday morning. The argument was very exhaustive and it is evidently the intention of the counsel for the administration to place much weight upon their technical defense. Attorney T. F. Moran, who appears for Grace Clow, the plaintiff, commenced his reply immediately and continued through the entire morning and afternoon session, going very fully into the authorities and taking up case after case advanced by the opposite side.

He made an eloquent plea, addressed in the ancient language of chancery pleading, to the "conscience of the court" for a broad interpretation of the equitable powers possessed by that court to the end that justice might be secured for his client, unbounded by the finer reasoning and stricter decisions more characteristic of common law practice.

The jury was excused yesterday morning at 10 o'clock to return Monday at the same hour, to which time the court adjourned at the conclusion of the afternoon session. Judge Glynn, associated in the plaintiff's case with Attorney Moran, will probably supplement the argument on that side, and Judge Curler, of counsel for defense, will probably close the discussion on the motion.

A decision adverse to the plaintiff on this motion will have the effect of concluding the case, whereas the opposite ruling will simply open the way for the defense to interpose its side of the case on the evidence.

The rulings of the court during the progress of the case have been marked with the utmost partiality and there is no intimation whatever of the intentions of Judge Breen with reference to the non-suit.

PUBLIC SCHOOLS ARE IN NEED OF ROOMS

Maxson Says Bonds Will Be Placed Anyway

The congestion of the public schools in Reno is becoming a very serious matter. Already every available room is occupied and there is not room for all of the pupils. A meeting of the school trustees will be held tomorrow evening to devise some expedient to relieve the condition.

Colonel Maxson states that the school bonds, which have been turned down by two banking institutions will yet be disposed of, and that a new school building will be erected. Over in the Southside school, however, the trustees are compelled to improvise schoolrooms from the basements and in other schools partitions are being erected to provide more rooms, but the floor space remains the same. Two teachers have been employed in the past week by Professor Pruett, the city superintendent, and still more are needed. One teacher, Miss Catherine Hand, has been teaching 76 pupils in two sections, giving each half a day of instruction, while the remainder were dismissed to make room. Miss Lucy McDermitt of Virginia City will take charge of the surplus schoolchildren in this room, a place being made ready for use in the basement of the Southside school.

Salt Lake Witnesses May Be Here

An effort is being made by the local authorities to locate in Reno two people whose presence is eagerly sought by the prosecution in the famous Beers murder case, which occurred recently in Salt Lake City. The witnesses wanted are Mrs. Wilbur Hall and daughter, and they are said to have knowledge of the crime whereby Dr. Earl S. Beers was murdered and for which Fred C. Walker and Edward Lawrence are held.

BRIDAL BELLS STILL RINGING

Couple are Reunited after Years of Parting; Reno Mecca for Marriages

That Reno is fast becoming the centre of romance, is shown by the number of people who come here daily for the purpose of being united for life. In fact strangers are putting the local young people to shame in monopolizing the altars of matrimony.

When Judge Bell performed a marriage cermony in the Riverside Hotel parlors yesterday afternoon he did something unique in his years of experience in the role of Hymen, for the name of the bride was not altered because it was the second time the parties had been wedded.

Will Try It Again

They came from California, he from Soledad, where he is in the cattle business, and she from San Francisco, and after the ceremony they were still Mr. and Mrs. William A. Rothe as before.

A separation had followed their first marriage but the early attachment prevailed and after the passage of years they were thus happily and romantically reunited.

They will go back to their old home in Soledad.

Brown-Richards Nuptials

Alex. J. Brown and Grace E. Richards, well known society people of Stockton, Cal., were quietly married by Rev. H. T. Chisholm at the Presbyterian parsonage last evening at 8 o'clock.

It is their intention to take an extensive wedding tour before returning to their home.

Truckee Young People Wed

Quite a delegation of Truckee young people came down to Reno last evening to be present at the wedding of George W. Keenan, a well known Southern Pacific railway man, and Ouida Clare Shanklin, a popular young lady of that town.

They were married by Rev. Charles L. Mears at the Congregational church parsonage yesterday afternoon at 4 o'clock. Miss H. Cavitt and C. P. Lander of Truckee were the attendants.

The newly married couple left on train 24 last night for Truckee, where they will reside.

Langston—Davidson

Burney Langston of Buffalo Meadows, and Pearl Theresa Davidson, of Eagleton, Cal., were united in the holy bonds of matrimony last evening, Rev. Samuel Unsworth of the Episcopal church officiating.

ITALIAN BAND OF 40 PIECES

Noted Musician Here Organizing; Colony is Large and Growing

Reno is to have the foremost place in instrumental music on the Pacific Coast. It is to have a band of 40 pieces, which is being organized, and all the members are to be Italians, or of Italian extraction. The organization is the result of the efforts of Signor Capellie who made a record in Pittsburg and other Pennsylvania cities, as a band master. He has been at work in Reno for several months assembling the Italian musical talent. A full number of participants has been enrolled, but the meeting for final organization will be held this afternoon at 238 Lake street, the headquarters of Reno's Italian populace.

Signor Capelli says that in all of his travels over the United States, he has found no better Italian musical talent than exists in Reno. He proposes that the band will not only surpass in numbers and other brass band on the Coast, but will surpass all others in musical ability.

Italian Population

It is not generally known that of all other nationalities, the Italians are in excess in Reno, outside the Americans. The Italian colony of Reno is of no small proportions. The ability to form a band of 40 pieces is one proof of this.

The colony points with pride to the achievements of its members at the recent State Fair. Several exhibitors who got premiums were Italians. Among them were Signor Sam Imelli, of Frankstown, who got a prize for his Swiss cheeses. Another Italian, B. Capurro got a prize for his exhibition of choice fruits. G. Luchetti got first premium for a display of cabbages, cauliflower and tubes.

A premium for the most tasteful display was awarded to the Nevada Pashe Company of which Signor Serafino Bigonciari is manager. The company manufactures maccaroni, spaghetti, vermicelli, raviola, mustacialli, and other pastes equal to that made in any part of Italy.

Most of the Italians in Reno are of the Swiss persuasion. A few are from Lombardy, in northern Italy bordering Switzerland.

Colony Growing

Signor Paggi, editor of the "Corriere di Nevada," of Reno, asserts that the local colony is growing, and that the Italian population of Reno will henceforth be regarded as one of the city's principal factors in progress.

Today all the musical sons of sunny Italy in Reno will unite in paying homage to Guida Monaco, the patron saint of music.

CLARK'S ORCHESTRA TO FURNISH MUSIC

Reno can now boast of having the best dance orchestra in the State.

Professor Judd Clark has located here permanently and has a wide reputation as a master of the ballroom orchestra.

Those who heard the orchestra last night at Wheelman's hall say it was simply grand and the best they ever heard in the city. The same orchestra plays again Wednesday night at Wheelman's hall.

Don't forget the dance. Go and hear Professor Judd Clark's orchestra.

Jail for Clothes Thief

Yesterday morning John Johnson was found guilty in Judge Bell's court of having stolen a suit of clothes from Tom Donnelly and in default of payment of the fine imposed of $120, he was taken to the county jail to serve out his sentence of 60 days.

A Labor Lien

Mrs. Adele Hawkins, the janitress of the Reno Stock Brokerage Company, yesterday filed a labor lien of $38 against the company.

COURTHOUSE AND COUNTY DOINGS

Another Damage Suit Grows Out of Deeth Derailment; Law and Motion Day

The derailment of a Southern Pacific passenger train while coming down the hill east of Deeth last January may prove a costly matter in damages to that company judging from the way suits for personal injuries are being filed. In addition to the claim of Tom Reynolds who was injured at that time and whose damages are fixed at $25,000, yesterday afternoon Attorney Jerome L. Van Derwerker filed the complaint of C. E. Sherman, who was injured in the same wreck, and who asks $10,000 damages.

From the complaint it appears that Mr. Sherman was very badly injured in the saccident. He was rendered insensible, his skull fractured and scalp cut, his left hand was crushed and bruised and he claims he will be crippled for life so that he cannot follow his trade. He was also cut and bruised in other parts of his body and his hearing is impaired as a result of the accident. The injury to his head he asserts, is dangerous and will be permanent.

The attorneys in the case for the plaintiff are O. J. Smith, White & Miller, of Sacramento, Jerome L. Van Derwerker and Fred B. Hart.

Law and Motion Day

Law and motion day in the district court yesterday was the occasion for the disposition by Judge Orr of many matters which came up for hearing.

The following orders were made:

Fletcher vs. Nye & Ormsby County Bank, hearing on motion for change of venue continued to September 30.

H. S. Carroll vs. Southern Pacific Company, demurrer and motion to separate causes to b esubmitted on argument.

J. C. Lebroke vs. Hazel C. Lebroke, defendant's demurrer overruled and 10 days given to answer.

Reno Mill & Lumber Company vs Schoschetti & Clemens, demurrer overruled and ten days given to answer.

Z. H. Lowman vs. Nye & Ormsby County Bank, hearing on motion for change of venue and to require bond for costs, continued to September 30.

Bergstein vs. McCormick, trial set for October 30.

C. Ramelli vs. Farmers & Merchants National Bank, trial set for Monday, October 21.

J. Reddin vs. S. P. Co. passed.

Carey vs. Carey, passed; Chandler et al vs. Washoe Lake and Galent Creek Ditch Co., passed.

G. W. Shutter-Cottrell vs. Brookine, passed to next calendar day.

Blaine Gray vs. A. Dromiac, set for trial Monday, October 28.

Bobo vs. Forson, plaintiff's demurrer to answer sustained and ten days given defendant to answer over.

In the matter of the estate of Marcia B. Braggs, Mary B. Fulton was appointed administratrix and bond fixed at $1000.

Other Hearings

Judge Orr yesterday continued the hearing for the purpose of setting the time for the trial of the Wilson murder case, until next Saturday, at the request of the attorneys fo rprosecution and defense.

The hearing of the motion interposed by J. B. Dixon, attorney for Scott Lauvre, to set aside the indictments found against him for forgery by the last grand jury on technical grounds, was yesterday continued by Judge Orr until next Saturday.

The habeas corpus proceeding instituted fy Francis Metzker to recover possession of his minor son Alonzo from the custody of the boy's mother, who is now Mrs. Ralph R. Stewart, has not yet been decided.

Judge Orr continued the hearing yesterday until 9 a. m., September 30, remanding the child in the meantime to his mother's care.

Kidnaping of Older

The Journal would not undertake to defend Attorneys Brown and Ashe of San Francisco for their high-handed attempt to kidnap the editor of the San Francisco Bulletin, as described upon another page. At the same time, it is the wonder of most people in California and Nevada, who have kept close watch of the Bulletin's career, that its editor has not been placed under arrest long before this.

The ultra-sensational style of journalism has had no more devoted a follower than Mr. Fremont Older. He has slashed right and left with little regard for the feelings of the humble or the powerful and at times has been absolutely reckless. Gathered around him he has had a capable staff but these men have been forced to prostitute their talents to scavengering for the news columns of what was once the most respected journal in the West but which has now become a broadside sheet devoted to black-guarding all who entertain different ideas from those held by its editor. Its proprietor has little to say.

The possession of a pen and the ability to present one's writings to the public through a newspaper ought not to give a man the license to do as an editor what he would not dare to attempt as a private citizen. Yet, what Mr. Older has written and has caused to be written, has been of such a character that, were he to have made such statements and criticisms as Older the individual instead of as editor of the Bulletin, he would have been driven from the community.

Fortunately, he belongs to a school that is rapidly disappearing. The time has come when communities demand of newspapers that they be decent and conscientious, that they print the truth, ungarbled, and that the same regard for cleanliness of thought and speech be observed in their columns that is required of men in their homes and on the streets.

Entertain Our Guests

Reno should be up and doing. This city is about to entertain as its guests the delegates to the Congregational general association. They will begin to arrive tomorrow and we should see that they carry away with them a good impression of the metropolis of Nevada.

The men and women who will attend the association are people of prominence in their homes—persons to whom their respective communities look up, and from whom a good opinion is worth obtaining. Let us see that nothing untoward happens to prevent them from receiving a favorable idea of our really great resources, and our resourcefulness as well.

Mr. Mears wants to find quarters for nearly half a hundred of these delegates. The citizens of Reno should help him in his quest. It is only for three nights that these guests will be with us and there is no private family that would be discommoded by making way for the visitors for such a short period of time. We cannot ask these visitors to camp in the open air. They are accustomed to live well and with all the comforts of civilization. The hotels are crowded, so they cannot go in that direction. They must look to private homes and these should be thrown open to them.

Reno has a large reputation for hospitality. Let us show the delegates to the association that it is deserved.

CONSTANTINE BEGINS TO SERVE FOR LIFE

CHICAGO, Sept. 28.—F. J. Constantine, convicted of the murder of Mrs. Louise Gentry, was today sentenced to life imprisonment. He was immediately taken to the penitentiary at Joliete.

MARRIAGE LICENSES GALORE THESE DAYS

Four Issued by County Clerk Yesterday Afternoon

There is no let-up in the constant stream of the pilgrims on the sea of matrimony who are daily visiting the county clerk's office for their clearance papers. Marriage licenses issued yesterday amounted to four and the proper percentage of romance distinguished each applicant. They were for the following: Barney Langston, Buffalo Meadows, and Pearl Theresa Davidson of Eagleville, Cal.

Alexander J. Brown of Stockton, and Grace E. Richards of the same place.

William A. Rothe of Soledad, Cal., and Clarinda Rothe of San Francisco.

George D. Keenan and Ouida Clare Shanklin, both of Truckee, Cal.

In the last-named instance the bride-elect's mother and guardian, Mrs. Francis Cook, were present to give the required consent, her daughter being under age.

JOHN R. WALSH WILL BE TRIED OCTOBER 1

Former President of Chicago National to Face Jury

CHICAGO, Sept. 28.—Another grand jury investigation of the failure of Chicago National Bank will be had in the near future. It is understood that the conduct of the several of the directors will be taken up.

The trial of John R. Walsh, former president of the bank, on charges of misappropriation of its funds, will commence October 1.

HIPPODROME COMPANY IS ENTERTAINING MANY

"My Aunt From Brazil" Furnishes Many Laughing Situations Which Are Appreciated

"My Aunt From Brazil," now being presented by the Metropolitan players at the Hippodrome theater, is one of the funniest farce comedies ever staged. It is full of laughable situations and clever lines which fairly make you laugh until your sides ache.

The company handles the piece with credit. De Roame as Babbs, who masquerades as Charlie's Aunt, has a very clever makeup and creates no end of fun for the audience. His work is good.

Kimball, as Sir Francis Chesney, has a good role and he always adds enough character acting to his part to make it entertaining. Denten Yane, as the typical college youth, with his usual bouyant and energetic manner, keeps things moving in an interesting manner.

The piece is certainly a star comedy attraction. It has had its run of success in the East and even on the Coast, but it is still worthy of affording a good evening's entertainment.

THE MYSTIC SHRINERS SPEND SUNDAY AT TAHOE

Delegation From San Francisco Enjoys Advantages of Resort; Reno Visitors Participate

Several members of the local order of Mystic Shriners will take advantage of the presence of their San Francisco brothers at Lake Tahoe by joining them there today.

The Nobles of Islam Temple left San Francisco yesterday on a special train taking with them contingents who boarded the train at Sacramento and various points en route and the party will be in full possession of the Lake Tahoe resort today. Last evening a dancing party was given in the new ballroom, and today a 72-mile trip on the lake is planned.

COL. FALKENBERG MAKES CHARGES

(Continued from Page One.)

ied by his attorney, called upon me, and offered to return all the nine claims with the exception of one, for a certain interest in my Wild Horse property of the White Horse district, and either that offer was off-color or he was making a proposition which was illegal, in offering to dispose of something which belonged to the stock holders of the company which he has sold stock in.

"There is a lot of other evidence in this matter, which I am not prepared to give out just yet, but you can say that I have placed the matter in the hands of the federal authorities, who are now making a separate investigation of the affair."

Sangree's Recent Arrest

Dr. Sangree, it will be remembered, was the man who was arrested about a month since by the local police, on a telegraphic warrant from Hawthorne and was taken there under arrest. More or less mystery hung about the affair at the time, but it was partially cleared by his release upon settling the claims made by Hawthorne creditors at the time.

Where he is now is not definitely known, he having left here some days ago.

FLEET CAPTAINS LOSE COMMANDS

Announced Plans of Navy Department Have Now Been Carried Out

WASHINGTON, Sept. 28.—In conformity with the announced policy of the Navy Department of relieving the captains of Admiral Evans' battleships who have a limited time to serve in that grade before the fleet sails for the Pacific, orders were issued today detaching the following commanding officers from their ships: Captain W. W. Kimball, from the New Jersey; Captain Samuel P. Comley, from the Alabama; Captain Gottfried Blöckinger, from the Illinois; Captain Herbert Winslow, from the Kearsarge; Captain Edward B. Barry, from the Kentucky; Captain Lewis C. Heilmar, from the Ohio.

Captain Albert G. Barry is also detached from the command of the armored cruiser Tennessee, and his place will be taken by Captain Thomas B. Howard, formerly in command of the Olympia and now on waiting orders.

The detachment of Captain Theodore Porter from the armored cruiser Washington was announced several days ago and it was stated that he would be succeded in command of that vessel by Captain Austin M. Knight.

Captain William Sutherland, a member of the board of inspection, is to be assigned to the command of the battleship New Jersey and Captain Charles W. Bartlett, on duty in the bureau of ordinance, will command the Ohio.

By this arrangement ten of the battleships retain their present commanders for the Pacific cruise.

LIPTON ANXIOUS TO HAVE A RACE

Will Explain Plans on Wednesday to Royal Irish Yacht Club

LONDON, Sept 28.—The officers of the Royal Irish Yacht Club have decided instead of sending a reply to the New York Yacht Club today to call a meeting of the Irish club for October 2, at which the answer of the American club to Sir Thomas Lipton's recent challenge for the America's Cup will be fully considered.

Sir Thomas expects to be present and will explain what he is anxious to do in order to bring about another series of races for the Cup, namely, build a 90-footer under the new American rule. He is so desirous of arranging for another contest that he said to the correspondent of the Associated Press, he really believed, after all, he would challenge under the old if he could get a designer of note to plan a boat for him.

He was afraid, however, that it was impossible to get any man whose boat would have any chance of winning to do the work, asall those he had spoken to took the same view of the matter as William Fife, who says it is useless to attempt to recapture the Cup with a freak boat which would have to be sailed across the Atlantic. In no circumstances will they undertake to design such a yacht.

The Agony Still On

PHILADELPHIA, Sept. 28.—The Philadelphia-Detroit baseball game scheduled for this afternoon has been declared off on account of rain. Today's game cannot be played off, as the teams had already arranged to play two games on Monday, the last day Detroit will be here this season. Preparations had been made to handle a record crowd at Columbia Park, and the rainy weather comes as a great disappointment to the management and the thousands who expected to see the contest.

Each team has ten games remain- before the season ends. Besides the three games with Detroit, Philadelphia has four with Cleveland and three with Washington, Detroit has four to play with Washington and three with St. Louis.

The Chicago team, which is third, and still has a chance for the pennant, is now playing with Boston and still has a series left with New York and Cleveland.

At Washington

WASHINGTON, Sept. 28.—Washington won a 5-inning game from Cleveland today 3 to 1. A wild throw by Nill into the grand-stand was responsible for the runs. Score:

Washington	3	2	1
Cleveland	1	2	1

Oberlin and Warner; Liebhard and Bemis.

Sox Defeat Doves

BOSTON, Sept. 28 —Score:

Boston	1	8	2

St .Louis Does Well

NEW YORK, Sept. 28.—The local Americans were defeated twice by St. Louis today. Second game called at end of sixth inning on account of rain. Score—First game:

St. Louis	3	6	2
New York	1	4	2

Batteries—Dineen and Spencer, Castleton and Thomas.

Second game:

St. Louis	5	8	0
New York	2	4	3

Batteries—Pelty and Stevens, Neur and Thomas.

COAST LEAGUE

Great Pitcher's Battle

PORTLAND, Sept. 28.—Today's game was a magnificent pitchers' battle. Both Henley and Kinsella were in the best of shape. Portland's lone run was made by Mott, who reached second on Piper's error. He scored on Byrnes' hit to Henley, who slipped and fell with the ball. The score.

Portland	1	7	1
San Francisco	0	6	1

Batteries—Henley and Street; Kinsella and Burns. Umpire—Perrin.

IN 19 ROUNDS SQUIRES LOST

Australian Never in the Same Class as Jack Twin Sullivan

SAN FRANCISCO, Sept. 28.—Australian "Bill" Squires, the heavyweight pugilist, who came to this country with the avowed intention of wresting the title of champion of the world from big Jim Jeffries, went down to defeat a second time today, when he was practically knocked out by Jack (Twin) Sullivan in the 19th round of what was to have been a 25-round glove contest. The fight took place in the Mission street arena, and was witnessed by a fair-sized crowd.

Squires showed very little improvement since his last appearance in the ring. He was strong, willing and game, but did not have the skill to land his blows. Had Sullivan been a first-class man he would have knocked the Australian out early in the fight, and, as it was, he smashed Squires in the face and on the stomach all through the 19 rounds.

Several times he had Squires groggy, but could not put him out.

In the 19th round the Australian was bleeding and weak. Sullivan sent in a right and left to the jaw and Squires went down. He remained on the mat eight seconds, and then staggered to his feet. Another punch to the jaw sent him down again but he was not knocked out. He got up, but was promptly sent down again. Referee Billy Roche then awarded the fight to Sullivan.

SPORTS OF RENO GO TO ELKO FOR RACES

Speed Events of Fair Had Stimulating Effect

Some of Reno's best sporting blood left last night for Elko, and more will follow today and tomorrow to take in the races. The races begin October 2, and continue for three days. Besides the horses of Elko, there are horses from Reno and Colorado which took part in the meet of the State Fair. The Reno sports say that if the management at Elko is as strict as was the management at the State Fair, they will have a fair show for their money. The Reno men took along a sack in case some of the Elko people might want to back up their judgment as to the horses that might come out first in the speed contests.

The contests at Reno week before last were of a character to rouse the sporting blood of Nevadans. The betting was not as high and bold as it might have been, because horse racing had been an obsolete sport for half a dozen years, but the Reno events have awakened them, and the sports are camping on the Elko trail.

Elko's Opportunity

The "fancy" of Elko will have an opportunity to tell Reno to go way back in the tallest timber and be recumbent.

JIMMY GARDNER AFTER KETCHELL

Brother George Writes to Arrange Fight between Them at Reno

Jimmy Gardner wants to fight in Reno and would like to make a match here with Ketchell

In a letter received yesterday from George Gardner, brother of Jimmy, he says

"I saw Billy Hogan a few days ago and he informed me that you had a club in Reno I thought I would write to you about a match between my brother Jimmy and Young Ketchell. Jim will meet him at 145, although he is only a heavy lightweight. We will also give him a side bet if he wishes it

"Jim lost only two bouts in his life and has fought and beat them all. If you see your way clear to put on the show, advise me at once and we will be ready to talk business Yours truly,

"GEORGE GARDNER,
"Ex-Light Heavyweight Champion."

Amateur Athletes Meet

KANSAS CITY, Sept 28.—A number of the leading amateur athletes of the United States contested this afternoon in a track meet at Association Ball Park. The proceeds of the meet were to be devoted to equipping public playgrounds in the public parks of the city, and the attendance was very large.

No records were broken, the track being improvised on the baseball field and not being in perfect condition R. F Taylor of the Illinois Athletic Club, Chicago, won the 300 yard handicap, the feature in 31 1-5.

STANDARD OIL IN RENO FIELD

(Continued from Page One.)

to the railroad tracks by the force of its own gravity

Gas Odor Stronger

The 12-inch casing now on the ground will be used to go outside the inner casing, as the time has come when it is advisable to case the water from the well, there being no doubt in the minds of the drillers that oil will be struck within the next few hundred feet at the most, and possibly much nearer A strong odor of gas, notwithstanding the water through which it must rise, pervades the neighborhood of the well, and President McLeod, who returned to Los Angeles for a few days' stay last night, expresses the belief that oil will be struck within the next 200 feet of drilling If his estimate is correct, that will be only a matter of a few days.

A New Company

All of section 36 and a part of section 10 has been acquired by a company composed of eight of Reno's best known citizens, who hold the ground as a close corporation.

This ground was located by Sam Lucich for the members of the company, who will develop the ground as soon as it can be experted and the site for future operations decided upon

OUR NATIONAL DANGER

Time to Cry a Halt Before a Panic Comes

The business spirit is crushing out the sweeter element of home life. We are in danger of a great commercial decline, because men, as a whole, think only of getting wealth.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights and morose disposition.

With the discovery of Mi-o-na tablets, there is no longer any excuse for ore to have ill health from stomach weakness.

Mi-o-na strengthens the walls of the stomach, stimulates secretion of the digestive juices, regulates the liver and restores muscular contraction to the intestines and bowels, so no laxative is needed.

Sick headaches, palpitation, bad taste in the mouth, yellow skin, irribility, coated tongue and melancholy are a few of the many distressing results of indigestion. Mi-o-na never fails to dispel all these troubles.

The Cann Drug Co., sell Mi-o-na in 50-cent boxes, and guarantee to refund the money if the remedy does not give complete satisfaction.

THE PUBLICITY TRAIN DELAYED

Railroad Companies Unable to Place Cars at Disposal of League; the Reason .

That the Nevada Publicity Train for the East will not leave earlier than next spring, is now a settled fact owing to the inability of the railroad company to furnish cars for the purpose before that time.

Secretary Bride, of the Commercial League, said yesterday:

"The railroad companies have notified us reluctantly that they would be unable to supply the necessary cars. This has forced us to postpone the trip till spring. The money collected for the expense of the undertaking will be returned.

"The first annual meeting of the league will occur October 7, at which time there will be an election of directors for the ensuing year, the reports of all the standing committees will be read, and it is hoped that a large public attendance will be had for this meeting, as the work of the league during the first year of its existence will be rehearsed and many matters of vital public interest will be discussed.

On your way to answer a want ad. today, notice what a fine, growing and expanding city you live in.

BADEN'S RULER PASSES AWAY

His 50-Year-Old Son Succeeds to Grand Ducal Throne

CONSTANCE, Grand Duchy of Baden, Sept. 28.—The Grand Duke Frederick of Baden died today of inflammation. He was unconscious for many hours before his death. Throughout the night the cabinet ministers and the court officials and chaplains had waited in an apartment adjoining the death chamber for the end to come.

At the Grand Duke's bedside, when he expired, were the Grand Duchess, Princess Louise of Prussia, the hereditary Grand Duke Frederick of Baden, Prince Max of Baden, brother of the Grand Duke, the Crown Princess of Sweden, and others.

Frederick was born at Carlsruhe, September 9, 1826. His successor as Grand Duke and head of the famous family of Zaehringen is his son Frederick, who is 50 years old, is a doctor of Bonn and Heidelberg and a general of infantry in the German army.

Notice of Annual Meeting

The annual meeting of the members of the Nevada Commercial League will be held at the offices of the League at 20 Center St., Reno, Monday evening, October 7 1907

The Business Tide

Is Still Rising

Five years ago timid business men, all over the world, felt that the tide of business prosperity must soon turn—that the pendulum must shortly swing backward to the other side—that rising values, extensive investments of savings funds, the enormous increase in volume of business in every line, must bring the dreaded reaction; must bring "hard-times."

There are not so many of these timid people now—but there are still some who are afraid of their own shadow in a business way; and who see evil portent in every speck on the business horizon.

A great man once defined a pessimist as "one who sees two evils where but one exists, AND ACCEPTS THEM BOTH." Occasionally a merchant justifies this definition.

The real BUSINESS OPTIMIST is he who refuses to see even one evil where two exist—or to accept either.

As a matter of fact, the wisest business men (not the most optimistic—but the most far-seeing) believe, at the present moment, that BUSINESS FLOOD-TIDE IS A LIFE-TIME AWAY!

With usual and harmless fluctuations, BUSINESS IS GOING TO BE BETTER AND BETTER EVERY YEAR FOR THE REST OF OUR NATURAL LIVES—so that WE should not spend much time worrying about what we will do when "hard times" comes again. And, as always, in good and poor times.

the merchant who advertises most judiciously is going to be the biggest merchant in his line; and the one who is "next best" in advertising will be "next best" in standing and prosperity.

GIRLS CROSS DEATH VALLEY

Baltimore Young Ladies Take Trip in Sands With Burros Into Death Valley

Miss Adelaide Browning and Miss Kate Mayer of Baltimore passed through Sparks yesterday on their way to Oakland, after making a trip from Rhyolite into the eastern part of Death Valley on burros. The young ladies went to the desert at the invitation of Miss Mayer's brother, who is promoting some mining claims down there.

Neither of the young ladies is over 24 years of age, but in telling of their trip yesterday they spoke as familiarly of the southern country as though they had been born and raised in this country.

"We left Rhyolite about five weeks ago, preferring to packing burros across the sand to riding in automobiles. That is no joke. Miss Browning, my chum," said Miss Mayer, "has a machine at home, and we know what discomfort there is in one.

"Together we accepted the chaperonage of my brother, and we got along splendidly until we were away from camp for three weeks. It is little fun to be thirsty down there. Our water was hauled 12 miles. Yes, we are going to California to get a drink."

HINDU MENACE TO WORKING MAN

Pass Through Sparks on Way to Mining Camps and Alarm Is Caused

The Hindus who have caused the race riots in Vancouver and have since drifted down into California, are crossing the borders of this State, their destination being the southern mining camps. Their presence in the lower part of the State has caused comment among the laboring men and it is feared that they will attempt to break strikes if difficulties arise.

As passengers on the Tonopah and Goldfield trains the Hindus are no longer objects of curiosity to the average American traveler. The Hindus look physically unable to perform the hard work exacted of better developed men, but those who have been associated with them say they rapidly gain strength in this part of the coast.

The Western Pacific railroad, unable to hire other labor, has contracted for a large number of Hindus to complete the line that is building across Nevada.

LIVE IN SPARKS; TRADE IN RENO

Patrons of Railroad Town Stores Spend Cash Away From Home

Sparks merchants still complain that their patrons spend their month's salaries in Reno, and return home when they want credit. The $65,000 pay roll of the Southern Pacific Company goes to a large extent to Reno, and when the employes of the Harriman line go back to work they are generally broke.

Hence the sign, "Ten per cent discount for cash," seen in the interiors of Several Sparks stores.

The saloons and restaurants get their share of what is left of the salary roll The restaurants have the privilege of notifying the offices of the railroad to hold out the amount due them. But the stores supporting the men with families until the end of each month, are at a loss to account for what their proprietors call the "ungrateful" customers.

CARPENTERS TO HAVE A UNION

E. S. Farrington Organizes Workmen in Sparks and Renoites Attend Meeting

Building activity in Sparks has resulted in the formation of the carpenters' union there, the organization having been effected Friday night at a meeting of the tradesmen presided over by E. S. Farrington of Reno.

The organization was made in the offices of Judge Pollock, visiting unionists as well as the local members being present.

Many of the unions, whose headquarters are in Reno, but whose members are employed in Sparks, may be divided by the organization of branches in this city. This will give the men separate officials and make their meeting more convenient to attend.

WEYERHAUSERS IN FRAUD CASE

Witness Says He Never Heard of Senator Borah Before Trial

BOISE, Ida., Sept. 28.—Mention of the Weyerhausers, the owners of vast timber land tracts in the Northwest, was made in the trial of United States Senator Borah today for the first time. This was when George S. Long of Tacoma, Wash., took the stand and stated that in response to a request from James L. Barber, of Eauclaire, Wis., he had allowed his name to be used as a "dummy trustee in the acquisition of Idaho timber land. He produced a letter from Mr. Barker, making the proposition as follows:

"Exigencies have arisen which make it desirable to pass the title to certain lands in Idaho through some party entirely removed from association with the Barber Lumber Company these circumstances being similar to those which made it desirable to use my name in connection with some of the Weyerhauser Timber Company's property. I have therefore taken the responsibility of directing the placing of title to certain lands in you."

Long said he had been a personal friend of Barber for 17 years. He received no compensation for his services as trustee, never saw any of the deeds; did not employ Senator Borah as counsel, and, in fact, never met the Senator until this year.

The Attorneys for the defense asked Long what the "exigencies" referred to by Barber meant.

"I supposed," replied the witness, "they were the same as arose in Washington when I was purchasing property for the Weyerhausers and when I used Mr. Barber's name. If we used the Weyerhauser name in any locality it always sent the prices up and brought competition."

More letters tending to show former Governor Steunenberg's interest in timber land speculation were introduced and read to the jury.

IN WEIGHING MAILS WILL SAVE MILLIONS

Attorney-General Sustains Postoffice Idea That Sunday is Working Day on Roads

WASHINGTON, Sept. 28.—After a conference with President Roosevelt today, Postmaster-General Meyer announced that the Attorney-General had completed an opinion which would be promulgated today or Monday sustaining the Meyer modification of the Cortelyou mail weighing order which, it is stated, will save the government several million dollars a year in railway mail pay. The Meyer modification makes Sunday a working day in all cases where the mails are carried, and weighed on that day.

Bob Burdette's Sister Dead

ON UNIVERSITY HILL

SORORITIES NOT TO 'RUSH' GIRLS

Agreement Between Greek Letter Societies Prevents Catering to Candidates

Neither sorority of the University of Nevada is "rushing" candidates for Greek letter honors this year, an agreement having been formed by which such proceedings are tabooed. The absence of the usual "rush" tactics has made campus life not nearly so agreeable for the freshmen.

In previous years the students were pledged and initiated during the early part of the semester, the recipients of the degrees being distinguished by outward signs of the societies they had joined. But all this is changed. When a sorority wants a girl member, she quietly receives the "bid," and she is as quietly taken in.

The Delta Rhos announce as initiates the following: Misses Helen Fulton, Florence Bender, Gertrude Pike, Edna Kleimeyer, Cecyl Allan, Majorie Wood, Eleanor Langwith and Kate Graham. The Theta Epsilons will have completed their initiations in a few days.

FREEMAN SAYS DATES CHANGED

Arrangements for Games With Stanford Progressing; Training Table Soon

Captain Freeman of the University of Nevada Rugby football team stated yesterday that the disarrangement over dates with Stanford University will not sever the athletic relations of the two institutions. He said the training table in Lincoln hall will be started very soon, and that arrangements for holding contests will proceed. In a few days Manager Gallagher will arrange a schedule with Stanford to take the place of the one annulled by the retirement of Dudley Sales, the exmanager of the Stanford athletic affairs.

The "Barbarians," one of the fastest Rugby teams around the Bay, and one that has played several times with the University of California, is coming to Nevada before either of the intercollegiate contests. Freeman said the "Barbarians" will bring some of the most experienced Rugby players in the United States along, and he hopes to pay the expenses of the season from the receipts.

COSSACKS DRAW SWORDS ON CREW

Pawnee Bill's Show Wrecked and Players Chase Engineer of Train

BISBEE, Ariz., Sept. 28.—"Pawnee Bill's" private car was over turned and two other cars badly smashed in a rear-end collision between a freight train and the "Pawnee Bill" show train on the El Paso and Southwestern railroad near here today.

One woman, name unknown, had three ribs broken and sustained internal injuries and may die. Several others were injured.

In the excitement following the accident the Cossacks in the show drew swords and chased the engineer of the show train a mile up the tracks.

COCKTAIL STORY IS BANE OF FAIRBANKS

Defeated for Delegate to Methodist Quadrennial Conference; Temperance People Oppose Him

COLUMBUS, Ind., Sept. 28.—Vice-President Fairbanks was defeated yesterday for election as a lay delegate from Indiana to the quadriennial conference of the Methodist Episcopal Church to be held in Baltimore next May. Seven lay delegates out of 18 who were proposed, were elected by the Indiana conference on joint votes of the ministerial and lay delegates.

The Vice-President was not himself a candidate, but his name was urged by friends who assumed his election would follow by acclamation. Instead of this, it was bitterly opposed by the radical temperance element in the conference, who took the ground that electing him would be equivalent to condoning what they regarded as an offense against temperance, the alleged offense having been serving cocktails and wines at the dinner to President Roosevelt at the Fairbanks home last Memorial Day.

Kipling Coming to the Coast

MONTREAL, Sept. 28.—Rudyard Kipling, accompanied by Mrs. Kipling, has arrived here. Mr. Kipling expects to remain in Montreal for a couple of weeks after which he will cross Canada to the Pacific Coast. He will return to eastern Canada, but after that he said his plans were undecided.

Inland Waterways Commission

LACROSSE, Wis., Sept. 28.—The National Inland Waterways Commission arrived here today on board the government steamboat Mackenzie. After an examination of the river at this point, the commission proceeded on its way south.

Jury Couldn't Say if Insane

NEW YORK, Sept. 28.—Testimony in the case of James B. Hammond, founder of the Hammond Typewriter Company, whose sanity is being inquired into, was concluded last night. The jury was unable to agree after being out six hours and will be discharged.

TAFT ARRIVES IN HARBOR OF YOKOHAMA

Secretary of War Met By Reception Committees and Members of Embassy

YOKOHAMA, Sept. 28.—Secretary Taft arrived here early this morning on board the steamer Minnesota, from Seattle September 13, passing all the signal stations without being sighted. The various reception committees and the members of the American embassy, who had come here from Tokio to welcome Mr. Taft, were aroused by runners, the town was soon enlivened, and the bay was crowded with launches displaying American flags and other colors.

SUBMARINES FOR THE UNITED STATES NAVY

Secretary Metcalf Announced That Seven of the Under-water Boats Are to Be Built

Washington, Sept. 28.—Secretary of the Navy Metcalf today said that it had been decided to award a contract for four submarine boats of octopus type, and three additional submarine boats of the same type, though of greater displacement, to the Electric Boat Company under certain conditions as to reduced price and guarantees for superior speed as recommended by the board of contruction.

BIG PINE IS AN OLD DISTRICT BUT STILL GOOD

MINE OWNERS THERE EXPLOITING GROUND

Quietly Working the Many Ledges and Sending Ore to Mill and Smelter

OLD TIME ARASTRAS GRINDING OUT GOLD

Some Big Mines of Future are in This Section and Will Soon be Heard From

The mines about Big Pine, Inyo county, California are working extensively with profit to their owners. Little has been heard of this mining district as none of the operators thereabouts have stocks to sell or axes to grind, in an advertising way, being satisfied with the showings and rather keeping things quiet.

Big Pine is the supply point for such districts as Eua or Loretta copper mines. J. P. Fittings lead, White Wolf, Fish Springs, which has produced a quarter of a million in gold, and the Buckeye mines, which are a low grade gold proposition, said to show up as good as the Homestake or Yellow Astor ever did at a parallel stage of development.

The Eve copper lies 20 miles east of Big Pine. Schwab is supposed to be the power behind the throne there, where they are working thirty men opening up the property. The main shaft is down 250 feet and will not stop until the 400-foot level is reached. The levels down to 250 feet show 82 feet of copper ore between walls averaging close to 11 per cent. This has been pronounced by experts to be one of the finest surface showings of copper known.

William Eua, the discoverer and general manager, an able man and considered the best mining expert thereabouts, says it will make a second Butte.

Fitting Prospects

A little further east and south is the J. P. Fitting lead mines. This property was only discovered four months ago, but was a mine from the grass roots. This ledge was traced for a mile and consists of from 12 to 16 inches of solid lead and silver on the foot wall, and six feet of gangue matter that runs above $165 a ton in silver, lead and gold. Five-hundred pound specimens of this solid mineral can be seen at the depot, from which three 16-mule teams are constantly wending their way to and from this mine, shipping the same to Salt Lake. A premium is paid by the smelters for this, as all lead ores running over 65 per cent are valuable for flux.

Arrastras Busy

Ten miles south along Birch creek Commeti and others are grinding out in arrestras high-grade gold ores found in the Fish Spring district. This has always been a poor man's camp and is estimated to have produced three quarters of a million. Irving and Staut from Los Angeles are installing a cyanide plant to work the old tailings there.

One of the most promising prospects anywhere is the Buckeye Mining Company's low grade gold proposition, 12 miles down the valley from Big Pine in what is known as Poverty Hills. They have a shaft down 150 feet with crosscuts showing 60 feet of soft $10 free milling ore, while the side hills above average $3.82 a ton. They have the power on Birch creek to run a hundred stamps, and own thirty inches of water.

The Montezuma

Mr. Gordon will be at Big Pine in a few days to let a contract for a 1,000 foot tunnel to tap the ledge deep down on the Montezuma. This mine has been a shipper of lead and silver ores for years, and is only about five miles from town.

BUCKSKIN

Robert Falcke, who is equally interested with McCormick, Ward & Champagne in the mines which that company controls at Buckskin, is in Genoa on a short visit to his mother. He reports that their praoperty is now beyond the prospecting age and that the large bodies of high grade copper ore which have been cut on their property conclusively demonstrates that Buckskin is a proven camp. Ore is now being shipped regularly to the smelters and the returns thus far received are very encouraging. Two gasoline hoists are now being used to hoist the pay ore to the surface of the ground where it is sacked and made ready for shipment. Other properties in this camp are looking equally as good and without question Buckskin is destined to be one of the biggest copper camps in Nevada.—Record-Courier.

ROSEBUD

Much excitement was caused this week by the strike made on the Jim Brown property near Rosebud Springs about a mile from Rosebud, and also on the Prince claim belonging to J. R. Morris and adjoining the Brown group. The credit of both discoveries is due to Jim Brown, the only colored prospector in the district. The discoveries were made by him while doing assessment work for himself and for Mr. Morris. The ore is strictly a gold rock and pans freely. Taking into consideration the fact that these properties are in the immediate neighborhood of the Florence, the best known gold claim in the district and on the east side of the hill from the Springfield, has caused an added interest to be taken in this part of the district.

Florence

In both properties the ledges are strong and well defined and with a little work will undoubtedly show up large bodies of high-grade ore.

The Florence, upon which prospecting work has been done for six months past, is proving better than ever, and the owners have begun work on a shaft which will be sunk to a depth of 50 feet. The neglected hill southeast of town is now attracting more attention than any other part of the district.

Springfield

The Springfield group of claims lie to the south and southeast of Rosebud and about a quarter of a mile from the town. The property was located last fall by Charles and Ben Spencer, who were early in the field. The property is under lease to Messrs. Dilline, Rogers and Elffner, and it is the intention of these gentlemen to push development as rapidly a spossible. After the hanging wall is encountered a shaft will be sunk upon a streak from which the highest values have been taken and which shows about a foot in width in the tunnel.

In Good Company

The work on the Sprirgfield is all that has been done on this side of the hill, but the recent strikes on the other side in the Florence and the Jim Brown claims tend to show that the gold values of the district will undoubtedly be found in the range of low hills that lie to the south and east of Rosebud. The Rattler and the Golden Anchor are located at the north end of this spur of hills, and in both of these properties good gold values have been found.—Rosebud News.

HAVILAH

A meeting of the claim owners was held on Monday for the purpose of organizing the district and giving it a name. There were 14 claim owners present and the name of "Havilah" was unanimously decided upon. The following boundaries were defined for the district:

Beginning at the Havilah well and running two mile seast to a point on the east boundary line, thence north about eight miles to the Sod House road, thence west six miles, thence south to a point four miles west of the Havilah well, thence south eight miles, thence east six miles, thence north eight miles to the starting point on the east boundary line. The district is 16 miles long by six miles wide.

Robert G. Pohl was unanimously elected district recorder and a committee consisting of Messrs Kotelman and Pohl was appointed to notify the county recorder and the county commissioners that the district had been formed.

Havilah's Fine Showing

Besides Messrs. Kotelman and Pohl, James Coleman, E. A. Ludwick and L. C. Garcia also came in yesterday from Havilah and they all say the camp has a showing which marks is as a winner. Location work on the principal claims is about completed and development will progres rapidly from now on. Wherever work has been done on the large quartz ledges which abount in the district, the showing is of the most encouraging kind and high gold assays are obtained. Mining men who have inspected the various properties are confident the camp will be a big producer.

Waiting for Sacks

On the Kotelman and Critchfield property several tons of ore have been taken out and will be shipped just as soon as the necessary sacks arrive.

L. C. Garcia is the owner of a fine group of claims, on one of which he has opened up a ledge from which high gold assays have been obtained.

R. W. Fairbanks has about finished surveying the townsite located by Messrs. Ludwick and Gleaves and lots will soon be played on sale. A well has been sunk and a plentiful water supply developed.

Summerfield & Pearce hac eopened a feed yard at Havilah, with plenty of hay and grain on hand. This is a great convenience as it will no t be necessary for those who visit the camp hereafter to take along feed for their horses.—Rosebud News.

MASONIC

Things up Masonic way are booming these days according to reports from that camp. Several new strikes have been made during the past few weeks and there is a steady influx of people from other camps and districts. The townsite is booming and there are three hotels, saloons and other places to satisfy the needs of the stranger. The telephone line is also being run from Wellington and the camp and the wire are within 11 miles of the place.

Red Rock Strike

Among the good strikes reported during the last few weeks the strike of Sam Smith, Batner and Logan on the Red Rock appears to be the best. The ore is high grade, running over $1,000, and according to reports there is about three feet of the ledge. A good strike was also made on the True Friend property, the company catching a big ledge of $31 ore which has several streaks of high grade which will ru considerably higher.

Pittsburg Liberty

Travis & Pierce have also begun work on the old Home View property, the development outlined being the greatest yet planned in the camp.

The Pittsburg-Liberty Company has accepted the new Brougher mill and within a few days work will begin handling the ores there. The strike recently made on the Myrtle and Julia is proving to be of larger magnitude than was expected and is now looked upon as one of the best mining propositions in the Masonic district.

THE STOCK BOARD

Still the slump goes merrily on, with apparently nothing to stop its downward progress. Consolidated leads the van, and yesterday sold down to $6.30, with five points better than that price asked at closing. There were quite a number of sales recorded, but the number of shares involved was small, and the fact that there is no confidence in a speedy recovery of the market is plainly indicated by the lack of activity.

EDITOR OF THE SAN FRANCISCO BULLETIN KIDNAPED BY ENEMIES

Waylaid in Van Ness Avenue and Carried Off on Way to Los Angeles in Auto

Friends Begin Habeas Corpus Proceedings And Rescue Him at Santa Barbara

SANTA BARBARA, Sept. 28.—Fremont Older, managing editor of the San Francisco Bulletin, who has been active in aiding the prosecution of the bribery cases in San Francisco, was taken off a southbound Southern Pacific train at 8:30 o'clock this morning by a force of 20 deputy sheriffs, who served a warrant for his arrest to appear in the superior court before Judge S. E. Crow at 10 o'clock this morning on habeas corpus proceedings instituted to rescue him from the hands of a deputy constable from Los Angeles, who it is alleged, virtually kidnaped him in San Francisco.

Word was received here early this morning of the reported kidnaping of Editor Older and of his enforced trip to Los Angeles in the custody of a deputy sheriff.

Aroused the Judge

Attorney Cobb, Francis J. Heney's associate, telephoned to Richards & Carrier, local attorneys, and asked them to institute habeas corpus proceedings to take Older from his captors on the train.

Judge S. E. Crow, of the superior court was roused from a bed at 2 a. m., and all necessary papers prepared empowering the sheriff to capture Older by force if need be. All available deputy sheriffs and police were on hand and boarded the train promptly as soon as it came to a standstill. The first search failed to reveal Older or his captors, but on going through the rear Pullmans a second time, he was seen and recognized. A copy of the warrant and habeas corpus proceedings were then served on Older and shown to Deputy Constable Ben Cohn of Los Angeles, who had him in charge. Older and the Santa Barbara officers left the train without resistance.

Taken to Court

Attorneys Porter Ashe and Luther Brown were on the train and accompanied the deputies. Escorted by several deputies of the sheriff, Older was conducted to a waiting automobile and rushed to the court house to await a hearing.

The legal ground upon which he was taken by the Los Angeles officers was a warrant for his arrest issued by J. W. Summerfield of a justice court in Los Angeles and sworn to by a brother of Attorney Brown. It charges Older and R. H. Crothers, of the San Francisco Bulletin, of San Francisco, with criminal libel in connection with the alleged attempted kidnaping of ex-Supervisor Lonergan, which was frustrated by Detective Burns.

Luther Brown's Actions

Last Wednesday's issue of the Bulletin contained an account of certain actions of Luther Brown in connection with it, in which it was alleged that he had been in company of a disreputable woman. The warrant was issued in Los Angeles because Attorney Brown's home is there. In telling of his arrest and spiriting away, Mr. Older said:

"I was in the office of Francis J. Heney yesterday afternoon about 5 o'clock waiting for Rudolph Spreckels, when a telephone message came for me. I answered it and asked who it was, receiving the reply that was a Mr. Stapleton, and that he was at the Savoy Hotel, I asked what he wanted, and he replied that he wished to see me on personal business.

Suspected a Trap

"I hesitated and he repeated that it was very important and personal business, which he could not discuss over the phone. I suspected that it was a trap, and told Attorney Cobb so. He said, of course it was a trap, but I determined, however, to see just what it was, and told them to leave word for Rudolph Spreckels when he came in, that if I was not back they would know what was doing.

"After leaving Heney's office I noticed that two automobiles were following me on Van Ness avenue. They dashed to the curb and four men jumped out of one of them. A warrant was thrust into my face and I was told that it was from Los Angeles. I protested that I wanted to see my attorney about it, but they would not let me. The four men had surrounded me and hustled me into the automobile. In it were two deputy sheriffs and two others one of whom I think was a Calhoun detective.

Rushed to Redwood

"In the other car were attorneys Ashe and Brown."

Older said that the men promised to take him before Judge Carroll Cook, who had countersigned the warrant, but instead of doing so, rushed him at the rate of 30 miles an hour to Redwood City, where they got on a train with him.

"When they seized me on the sidewalk," said Older, "they searched me to make sure that I had no weapons. In the automobile the next man thrust something which I supposed to be a revolver against my side and told me he would shoot if I made any disturbance."

Message to Spreckels

Finally the captive was allowed to dictate a message to Rudolph Spreckels. He was unaware of the habeas corpus proceedings until Santa Barbara was reached. In concluding his statement, Mr. Older said: "This whole thing is a diabolical scheme of Patrick Calhoun. They are a desperate band and will not hesitate at anything."

The proceedings before Superior Judge S. E. Crow lasted an hour and a half in which time the whole story of the kidnapping came out. It ended by Older being allowed bail in the sum of $2000 named in the warrant to guarantee his appearance in the justice court at Los Angeles at such time as the court there should designate. The bail bond was signed by H. P. Lincoln, cashier of the First National Bank, and Paul Fox, a local capitalist.

Brown Sworn

Luther Brown, who swore to the complaint of criminal libel against Older, told his story of the circumstances:

"Say for me," he said, "that this is entirely a personal matter. Neither Calhoun nor any other man has instigated me to undertake these proceedings."

He denied the reports that had been published about him.

Attorney Porter Ashe, who testified during the proceedings, practically admitted the kidnaping of Older.

Older returned to San Francisco tonight in company with Interstate Commerce Commissioner Franklin K. Lane, who is on his way north from Los Angeles.

MOTHER FOUND GIRL DYING

Steps into Yard; Screams; Body Seen Weltering in Gory Pool

IOLA, Kas., Sept. 28.—Miss Mary Sipp, the 20-year-old daughter of John N. Sipp, a well-to-do farmer was found murdered in the back yard of Sipp home at Moran, ten miles from here last night. Her throat had been cut, evidently with a razor that was found close by.

A motive for the murder has not been found and there is no clue to the murderer. The body was brought to Iola today and a post mortem examination held.

Miss Sipp, after dinner last night, stepped out into the yard. She had been gone but a few minutes when she screamed for her mother. Mrs. Sipp rushed into the yard and found her daughter lying unconscious in a pool of blood. She died within a few moments from a deep gash in her throat.

Her clothes had been torn, and her hands cut, indicating that she had made a struggle for her life. No trace of the murderer has been found.

BY WIRELESS 4000 MILES

Message from Savannah, Ga., Caught by Cruiser Pennsylvania on Pacific

SAN FRANCISCO, Sept. 29.—That a new record of long distance communication by wireless telegraphy was established by the armored cruiser Pennsylvania, is the belief of Captain Auron Ward and officers of the cruiser now in this port.

When the warship was 1000 miles off the coast, a message was caught which was identified as being sent from the naval station at Savannah, Ga., to some ship in the Atlantic. The message could not be read, but the sender was identified and complete confirmation of the remarkable event is now being sought.

It is estimated that the distance between Savannah and the Pennsylvania at the time was 4000 miles.

LADIES FLOCK TO MOTT AND SETTLE'S

It was a pleasing and successful opening that Mott and Settle had yesterday, enjoyed by myriads of Reno representative ladies. Seldom does one have the satisfaction of spending a few moments or an hour in such an atmosphere of style and beautiful newness, as that presented by this recently organized firm, handling ready-to-wear goods.

The spacious salesrooms centrally located on Virginia street, the artery of travel, formerly occupied by Mott's Bazaar, were literally overflowing with their interested visitors, each one of whom were handed, by a pretty girl, a neat souvenir and a choice cut flower. The rooms have been completely remodelled to the needs and conveniences of the new occupants, the fixtures in polished oak with their variously hued goods in attractive display, forming a color effect in pleasing harmony with the new fall gowns of the fair visitors.

The window display first demanded the attention, as one entered. As a central figure in one, was exhibited a gorgeous French blue broadcloth gown, profusely trimmed in Clunie lace. A touch of gold cloth and black velvet on the bodice, intensified its striking effect. An opera cloak to match, to be worn with this frock, with Mandarin sleeves, was thrown over the gown, lending a completeness which a Parisian mode could not excel. $160 represented its value. In the other window was an Empire gown of Reseda green, also trimmed in clunie lace of the same tone. Oriental white lace of delicate design added richness to the hand-embroidered gold bodice with its lavendar girdle.

Upon entering, the sign "the most complete line of hosiery in Reno" greets the eye. Delicately embroidered underwear, handkerchiefs and etc. played their part. Heavy Corinthian columns, in highly polished oak, separate the forward portion of the store, from the green carpeted, near where Mrs. Howland, long experienced in cloaks and suits, meets the patrons of that large department. Here also was seen the millinery art in its perfection. The eastern centers of style have emptied their choicest masterpieces into this spot, amid flowers and cut glass mirrows on every side. Miss Edith Leader arrived from New York to serve the ladies as head trimmer with this firm.

A full complement of offices with the most modern cash system extending throughout the store, are located in the far rear above. Many compliments were extended to Messrs. Mott and Settle yesterday.

NO ASIATICS FOR THE COAST

Theodore Bell, Head of the Eagles, Tells East Plain Truths

NEW HAVEN, Conn., Sept. 28.—In the course of an address at the local aerie of Eagles last night, Congressman Theodore H. Bell of California, the national president of the order, speaking of racial conditions on the Pacific slope, said:

"We on the Pacific Coast, when we look upon the ingress of the Oriental, the Chinese, the Japanese, think we discover a war cloud. We will require common decency, the decency required by the law. We will not tolerate men who prey upon weaker men, upon the weaker sex, to triumph over us. We have a race in the Great West—a race that is full of American blood. We do not propose to settle down with any Asiatics, Chinese or Japanese. Here you live in peace with Europe. There we look to the Pacific. We don't know how to interpret what is coming from over the Pacific. You don't know. Do not settle down easy, my brother Eagles and say that we shouldn't heed.

"The middle classes will evidently have to fight this battle as they have in the past."
